Mr. Martin Vaquero
Tech Services
Clean Air Engineering

Dear Martin;

We have appreciated the friendly business relationship we have had with your company, that's why we want you to know how pleased we are with the outstanding service you have given us.

Rarely has a supplier given us such complete cooperation, starting with the promptness to answer our questions and ending with the certain that we can count on you to solve our future needings with the purchase of new products. From initial valuation to completion of our sale, you and your Team (Mr. Nic L`Heureux) could not have been more professional, conscientious, and helpful. We were delighted with your service and would thoroughly recommend you to others.

Our best regards;

Alexis Cortes Zamorano
Gerente de Calidad
AYMA LTDA.
